Title: Need to expand the subway at Bhadreswar station.

DR. RATNA DE (NAG) (HOOGHLY): Thank you very much, Sir.

There is an urgent need to expand the subway at Bhadreswar station, Howrah division, Eastern Railway in West Bengal. Lakhs of common public and railway passengers not only from Bhadreswar town but also from Chandannagar Corporation Bigadi panchayat and people from other side of River Ganges use this subway. Due to narrow space, accidents have become the order of the day. Under these circumstances, I urge the hon. Minister to expand the subway and save the lives of the people.
